The Secretary informed the meeting that the District Collector suggested organising a branch of the Archery Club for children between 10 and 13 at the Muttahalan site so that a large number of children including the children of the officials of the Malankara quarters, find it convenient to attend the class. This is to be sponsored by the Kottayam Rifle Association. Secretary said that he had suggested that the Officers Club hall would be an ideal venue for Archery Practices, provided some repair and lighting to the building are done. He also had informed that Archery equipments are also to be bought immediately for the above purpose. For the repair of the hall and purchase of the equipments a huge amount is necessary. As the present fund position of the Rifle Association does not allow it to take up the above expenditure, it was suggested that a cultural programme be organised on the savings out of that could be earmarked for the purpose, and the Collector

Resolved that the collection of the Cultural programme be handed over to the office bearers of the officers club for organising a branch of the club at Muttahalan.

Secretary also said that some NCC cadets were selected for the Rifle training scheme and they will be given special training. Cartridges for their training would be supplied by the NCC office. Then they have to join our Association as junior members and we could send the best cadets for State and National Championship competition.

The meeting terminated at 7 PM

Minutes of the Executive Committee of the Kottayam Rifle Association was held at Collector's Chamber at 4.30 PM on ~~13.10.92~~ 30.10.92.

7 Committee members were present.

President Sri Sajan Peter I.A.S presided over the meeting.

Minutes of the last meeting held on 13.6.92 was read and passed unanimsly.

The Secretary then gave a report of the regular training going on at the range for the Rifle Shooting and Archery. He said that attendance for shooting practice is very poor. Some members have not even ~~seen~~ seen the range so far, eventhough they have the identity card as members of our club. He emphasised the need of finding some methode for improving the attendance. The meetingsuggested that we have to request all the members to come to the range occassionally and if they still discontinue to attend the shooting practice for a long period we would not send them our circulars regarding the activities of the club. Any how in the next circular we would inform the members the above suggestion to findout the views of the members.

The Secretary also brought to the notice of the club the continuous work of ~~xxx~~ Prof Sunny Thomas and himself for regularising the irregularities of the KSRA. Expenses inconnection with the Trunk and STD calls and travelling expenses, convening meeting of various ~~xxx~~ clubs and litigation, arrangements etc, had to be met by our club also. The committee ratified the amount spent in connection with that.

The Secretary also mentioned that some good shooters from NCC Cadets have been selected by us for giving training in shooting and Archery.

The meeting terminated at 5.30 PM
